28<sup>th</sup> March 2017

Circular 41/16-17

Dear Parents,

### **Be Vigilant Against Head lice**

Please be informed that there are a few head lice cases in school. Parents should pay close attention to your child's health condition.

If your child is suspected of head lice, medical advice should be sought immediately. He/She should apply medicated lotion or shampoo according to the doctor's prescription to kill the lice. Parents should inform the class teacher as soon as possible since head lice are transmitted through direct contact with infested people. Your child is strongly advised to stay at home until all the head lice are removed. Grateful if you can bring a medical certificate to the class teacher upon his/her return to school.

To prevent head lice, please take heed of the following preventive measures:

- Avoid close contact with infested people, especially direct head-to-head contact.
- Do not share personal items such as combs, hats, hair accessories, towels or pillows.
- Maintain personal hygiene. Wash hair regularly and thoroughly, and wash bed linen and clothing frequently.
- Check hair regularly for signs of head lice infestation.

Parents may visit the CHP's page on ([www.chp.gov.hk](http://www.chp.gov.hk)) for more information.

Thank you for your attention and co-operation!
